## SKILLS

Experienced Full-Stack Developer with more than 7 years of experience.

I feel comfortable writing unit tested code, creating Object-Oriented Code and decoupling code.

About deploying and continuous delivery, I like to implement infrastructures that allow development teams to push and see their work automatically working.

## TECHNICAL SKILLS

- Python - Excellent (6+ years of experience)
- Django - Excellent (5+ years of experience)
- TDD - Excellent (6+ years of experience)
- Object Oriented Design - Excellent (7+ years of experience)
- Javascript - Advanced (4+ years of experience)
- Java - Intermediate (2 years of experience)
- ReactJS - Intermediate (1 year of experience)

## EXPERIENCE

### **ThoughtWorks, Chile** - *Consultant*

February 2019 - PRESENT

ThoughtWorks is a consultancy firm delivering custom software experiences.

The projects that I have worked on are with clients that belong to the Real Estate industry using Java, Javascript and ReactJS. Using a multi-layered architecture with microservices.

### **Fundación Ciudadanía Inteligente, Chile - Brasil** - *Software Developer*

July 2011 - December 2018

---

Ciudadano Inteligente is an NGO with offices in Chile and Brazil, that aims to improve democracies in Latin America. My job was to create platforms that increase participation, transparency, and engagement with public issues.

## EDUCATION

**(Not finished) DCC Universidad de Chile, Santiago** - *Diploma in Data Engineering*

April 2020 - August 2020

**DCC Universidad de Chile, Santiago** - *Diploma in Artificial Intelligence*
